WILLIAM J. CASEY

March 12, 1983

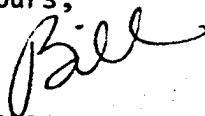

Dear Joe,

Sorry your OSS/London questions got buried somewhere and only turned up now. I don't know whether Milton Hall was designated as Area O or Area F. It was used to train Jedburghs.

I am not sure about MO broadcasts from England. They were probably joint MO-PWE broadcasts. The British did a great many of them. On this, I commend a new book recently published in England called The Black Game.

On the continent, particularly after the Luxembourg was taken, there were many American MO broadcasts from Radio Luxembourg, the most powerful radio on the continent, into Germany.

Yours,

William J. Casey
